SUCCESS STORIES

1

I would like to convey my heartfelt gratitude to couple of individuals who have guided me through this journey of CMI UG classes taken by Sourav Sir were immensely helpful. I always made it a point to attend his lectures on sentence correction. Apart from him, guidance of other teachers helped me lot as well. I would say, it is the guidance of these individuals that shaped my journey to a great extent. I would safely suggest any CMI UG aspirant to get in touch with these individuals.

When I came to Sourav Sir's classes my basic in Mathematics were very poor. Faculty at Sourav Sir's classes had set up an atmosphere where I felt very motivated and inspired. I was working while preparing for cat and finding time to study was very difficult. But I somehow managed to attend the morning classes regularly and they taught revised and re-revised topics so that I was required to spend only 2 hrs every day to learn. With their encouragement I started paying myself to studies and the improvement was visible every mock CAT. From a first mock of 52 percentile I went up to 78
